

## City of Olivia

If you have questions while completing this form, please contact your hometown electric utility weekdays during business hours for assistance.

Phone: 320-523-2361

### Send your completed application to:

City of Olivia  
1009 W. Lincoln Ave.  
Olivia, MN 56277

### Checklist For Appliance Rebate Application:

- Dated detailed invoice
- Completed Application including Pre-Rebate Worksheet and Rebate Calculation Table

# 2017 Lighting New Construction Rebate Instructions

By participating in our We Save program, you can save energy and earn a rebate when you purchase and install qualifying lighting in a new building or an addition to, or major renovation of, an existing building.

### ENERGY STAR® and DesignLights Consortium Qualified Lighting

LED products must be listed on either ENERGY STAR or DesignLights Consortium (DLC) Qualified Product List. See Rebate Calculation Table for requirements by lighting type. Qualified product listings can be found at [www.energystar.gov/products](http://www.energystar.gov/products) and [designlights.org/QPL](http://designlights.org/QPL).

### Rebate Qualifications and Program Rules

- Rebate offered to non-residential electric customers served by a local municipal utility (Utility) that is a participating member of MMPA.
- Rebate will be issued to the customer only. Maximum rebate amount shall be limited to 50% of project cost.
- Rebate Application must include a copy of paid, itemized invoice(s) showing quantity, price, manufacturer, and model number for each product for which you are requesting a rebate.
- Rebate Application must include both Pre-Rebate Worksheet and Rebate Calculation Table. Quantities and descriptions must reconcile.
- All lighting equipment must be new and meet specification requirements.
- Unless specified as exterior applications, rebates are for interior lighting applications only and lighting equipment must be operated during weekday on-peak demand hours (6am-9pm).
- Utility reserves the right to conduct inspections of any and all installations. If Utility finds that customer has not complied with its rules and standards, any rebate customer has received must be returned.
- Rebate requests are processed on a first-come first-serve basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
- Installation must be completed before submitting rebate application.
- Customer must apply for rebate within one year of the purchase date shown on the equipment invoice.
- Rebate will not be given for equipment or designs that do not comply with local, state, or federal regulations.
- Utility is not liable for rebates promised to a customer as a result of a contractor misrepresenting the program.
- Utility will not be responsible for any tax liability imposed on customer as a result of rebate payment.
- Utility gives no warranty, expressed or implied, with respect to equipment operation or performance. Utility does not guarantee that the implementation of energy-efficient measures or use of equipment installed pursuant to this program will result in energy or cost savings. Utility is not liable for any incidental or consequential damage.
- Information contained in rebate application may be shared with the Minnesota Department of Commerce and MMPA.
- Qualifying customers must apply for rebate by November 30, 2017.

# 2017 Lighting New Construction Rebate Application

**COMPLETE THESE SIX EASY STEPS TO GET YOUR REBATE.**

## STEP 1: CUSTOMER INFORMATION

Company Name:

Account #:

Contact Name:

Address:

City:

ZIP Code:

Email:

Phone:

Installation Address (if different):

## STEP 2: VENDOR INFORMATION

Company Name:

Contact Name:

Address:

City:

ZIP Code:

Email:

Phone:

## STEP 3: COMPLETE PRE-REBATE WORKSHEET

Pre-Rebate Worksheet provides detail for equipment being installed and is necessary to evaluate project eligibility. Quantities must reconcile with information entered in Rebate Calculation Table. If necessary, use multiple sheets.

## STEP 4: COMPLETE REBATE CALCULATION TABLE

Rebate Calculation Table calculates the dollar amount of the rebate. Quantities must reconcile with values entered on Pre-Rebate Worksheet. Rebate paid cannot exceed the purchase price of equipment.

## STEP 5: ATTACH NECESSARY DOCUMENTATION

Copy of dated, itemized invoice(s) specifying the quantity, price, manufacturer, and model number of each product for which you are requesting a rebate, installation costs, and applicable taxes.

## STEP 6: CUSTOMER SIGNATURE

I hereby certify that all information is accurate including claims of efficiency, size, and customer information. I have read all information on this form and agree that MMPA may verify the information I have provided.
